

Eureka Charter Township

APPLICATION FOR AGRICULTURAL/FARM USE BUILDING PERMIT EXEMPTION

Name of Landowner(s): _____

Address: _____

Telephone Number: _____

Property Involved:

Address: _____

Parcel Number: _____

Type and Size of the Proposed Building (or Building Expansion) involved: _____

List the specific farm and agricultural uses for the proposed building (or expansion):

List the items, equipment and vehicles to be stored in the building (both those for farm/agricultural use and for nonfarm/agricultural uses of the building):

Describe the agriculture or farm uses occurring outdoors on the parcel where the building is/will be located:

Are any of the farming or agricultural uses occurring on the property being declared as Farm income on any income tax filing? Yes _____ No _____

AFFIDAVIT

It is my/our understanding that where a new building (or building expansion) is proposed for bona fide farm/agricultural use incidental to agricultural uses occurring on the land where the building will be located, no building permit is required from Eureka Charter Township. I/we understand that Eureka Charter Township does require that an Application for Site Plan Approval be applied for and issued by Eureka Charter Township before any construction can commence. I/we swear and affirm that the information which I/we provided on this form is true and accurate. Finally, I/we also understand that if the agricultural/farm use exemption was improperly invoked and/or the building ever ceases to be used for the bona fide agricultural/farm uses which justified an exemption (including cessation of the agricultural uses on the land where the building is located), one or more permits will have to be obtained at that time and it is also possible that the building may have to be modified, restructured, removed, or moved.
